## Subject index

### Volume 37 (1995)

- Abuse**; Neuropsychological performance; Alcohol; Cocaine 37, 247  
**Abuse liability**; Cocaine; Parasympathetic; Sympathetic; Common factors; Tachycardia; Vagal tone; Cardiovascular 37, 211  
**Adherence**; Compliance; Human immunodeficiency virus (HIV); Methadone; Supervised therapy; Zidovudine (AZT) 37, 261  
**Adolescents**; Substance use; Schools; Prevalence; United Kingdom 37, 255  
**Adrenoceptor**; Cocaine; Cardiovascular; Dopamine; Behavior 37, 183  
**Aggression**; Anabolic androgenic steroids; Attentional bias; Mood 37, 241  
**Aggression**; Drug and alcohol dependence; Drug and alcohol abuse; Marijuana; Tobacco 37, 149  
**AIDS**; HIV risk behavior; Cocaine; Substance abuse; Antisocial personality disorder 37, 37  
**Alcohol**; Neuropsychological performance; Cocaine; Abuse 37, 247  
**Alcohol and adolescents**; Drinking patterns; High school students; Italian young people; Correlates of alcohol drinking 37, 59  
**Alcohol dependence**; Coherence; General population 37, 163  
**Amphetamine**; *N*-Methyl-D-aspartate receptor; Dopamine; Neuropathology 37, 101  
**Amphetamine**; Dopamine; Sensitization; Autoreceptor; Drug abuse; Cocaine 37, 111  
**Anabolic androgenic steroids**; Aggression; Attentional bias; Mood 37, 241  
**Antisocial personality disorder**; HIV risk behavior; AIDS; Cocaine; Substance abuse 37, 37  
**Attentional bias**; Anabolic androgenic steroids; Aggression; Mood 37, 241  
**Autoreceptor**; Dopamine; Sensitization; Drug abuse; Amphetamine; Cocaine 37, 111
- Behavior**; Cocaine; Cardiovascular; Adrenoceptor; Dopamine 37, 183  
**Blood pressure**; Cocaine; Sympathetic nerve activity; Heart rate 37, 217
- Cannabinoids**; Tetrahydrocannabinol; Structure-activity relationships; Receptors 37, 231  
**Cardiovascular**; Cocaine; Adrenoceptor; Dopamine; Behavior 37, 183  
**Cardiovascular**; Cocaine; Parasympathetic; Sympathetic; Common factors; Abuse liability; Tachycardia; Vagal tone 37, 211  
**Cardiovascular effects**; Cocaine; Human 37, 193  
**Choice**; Self-administration; Oral route; Cocaine; Drug reinforcement; Reinforcement magnitude; Rhesus monkeys 37, 141  
**Cocaine**; Blood pressure; Sympathetic nerve activity; Heart rate 37, 217  
**Cocaine**; Cardiovascular; Adrenoceptor; Dopamine; Behavior 37, 183  
**Cocaine**; Crack; Methadone; HIV/AIDS 37, 15  
**Cocaine**; Dopamine; Glutamate; Ventral tegmental area; Nucleus accumbens; Prefrontal cortex; Sensitization 37, 95  
**Cocaine**; Dopamine; Sensitization; Autoreceptor; Drug abuse; Amphetamine 37, 111  
**Cocaine**; Drug abuse, intravenous; Heroin; Methadone maintenance patients; HIV; Risk behavior; Sexual behavior 37, 29  
**Cocaine**; Dynorphin; Neurotensin; Dopamine; *N*-methyl-D-aspartate (NMDA); Methamphetamine 37, 107  
**Cocaine**; HIV risk behavior; AIDS; Substance abuse; Antisocial personality disorder 37, 37  
**Cocaine**; HIV; HIV risk behavior; Substance abuse 37, 1  
**Cocaine**; Human; Cardiovascular effects 37, 193  
**Cocaine**; Neuropsychological performance; Alcohol; Abuse 37, 247  
**Cocaine**; Parasympathetic; Sympathetic; Common factors; Abuse liability; Tachycardia; Vagal tone; Cardiovascular 37, 211  
**Cocaine**; Self-administration; Oral route; Drug reinforcement; Choice; Reinforcement magnitude; Rhesus monkeys 37, 141  
**Cocaine and opiate use**; HIV risks; Gender 37, 23  
**Cocaine/crack**; HIV; IDU; Risk behavior 37, 7  
**Coherence**; Alcohol dependence; General population 37, 163  
**Common factors**; Cocaine; Parasympathetic; Sympathetic; Abuse liability; Tachycardia; Vagal tone; Cardiovascular 37, 211  
**Compliance**; Adherence; Human immunodeficiency virus (HIV); Methadone; Supervised therapy; Zidovudine (AZT) 37, 261  
**Correlates of alcohol drinking**; Alcohol and adolescents; Drinking patterns; High school students; Italian young people 37, 59  
**Crack**; Cocaine; Methadone; HIV/AIDS 37, 15
- Dopamine**; *N*-Methyl-D-aspartate receptor; Neuropathology; Amphetamine 37, 101  
**Dopamine**; Cocaine; Cardiovascular; Adrenoceptor; Behavior 37, 183  
**Dopamine**; Dynorphin; Neurotensin; *N*-methyl-D-aspartate (NMDA); Cocaine; Methamphetamine 37, 107  
**Dopamine**; Glutamate; Ventral tegmental area; Nucleus accumbens; Prefrontal cortex; Sensitization; Cocaine 37, 95  
**Dopamine**; Sensitization; Autoreceptor; Drug abuse; Amphetamine; Cocaine 37, 111  
**Drinking**; Drinking problems; Unemployment; Gender 37, 71  
**Drinking patterns**; Alcohol and adolescents; High school students; Italian young people; Correlates of alcohol drinking 37, 59  
**Drinking problems**; Drinking; Unemployment; Gender 37, 71  
**Drug abuse**; Dopamine; Sensitization; Autoreceptor; Amphetamine; Cocaine 37, 111  
**Drug abuse**; Drug administration; Ethics; Human 37, 167  
**Drug abuse**; THC (tetrahydrocannabinol); Marijuana; Subjective reports; Human; Euphoria 37, 131  
**Drug abuse, intravenous**; Cocaine; Heroin; Methadone maintenance patients; HIV; Risk behavior; Sexual behavior 37, 29

- Drug administration;** Drug abuse; Ethics; Human 37, 167  
**Drug and alcohol abuse;** Drug and alcohol dependence; Marijuana; Aggression; Tobacco 37, 149  
**Drug and alcohol dependence;** Drug and alcohol abuse; Marijuana; Aggression; Tobacco 37, 149  
**Drug reinforcement;** Self-administration; Oral route; Cocaine; Choice; Reinforcement magnitude; Rhesus monkeys 37, 141  
**Drugs and driving;** Illegal drugs; Traffic safety; Spain 37, 83  
**Dynorphin;** Neurotensin; Dopamine; *N*-methyl-D-aspartate (NMDA); Cocaine; Methamphetamine 37, 107
- Enhanced treatment;** Therapeutic community; HIV 37, 45  
**Ethics;** Drug abuse; Drug administration; Human 37, 167  
**Euphoria;** THC (tetrahydrocannabinol); Marijuana; Drug abuse; Subjective reports; Human 37, 131
- Gender;** Drinking; Drinking problems; Unemployment 37, 71  
**Gender;** HIV risks; Cocaine and opiate use 37, 23  
**General population;** Alcohol dependence; Coherence 37, 163  
**Glutamate;** Dopamine; Ventral tegmental area; Nucleus accumbens; Prefrontal cortex; Sensitization; Cocaine 37, 95
- Heart rate;** Cocaine; Blood pressure; Sympathetic nerve activity 37, 217  
**Heroin;** Drug abuse, intravenous; Cocaine; Methadone maintenance patients; HIV; Risk behavior; Sexual behavior 37, 29  
**High school students;** Alcohol and adolescents; Drinking patterns; Italian young people; Correlates of alcohol drinking 37, 59  
**HIV;** Cocaine/crack; IDU; Risk behavior 37, 7  
**HIV;** Cocaine; HIV risk behavior; Substance abuse 37, 1  
**HIV;** Drug abuse, intravenous; Cocaine; Heroin; Methadone maintenance patients; Risk behavior; Sexual behavior 37, 29  
**HIV;** Therapeutic community; Enhanced treatment 37, 45  
**HIV risk behavior;** AIDS; Cocaine; Substance abuse; Antisocial personality disorder 37, 37  
**HIV risk behavior;** Cocaine; HIV; Substance abuse 37, 1  
**HIV risks;** Gender; Cocaine and opiate use 37, 23  
**HIV/AIDS;** Cocaine; Crack; Methadone 37, 15  
**Human;** Cocaine; Cardiovascular effects 37, 193  
**Human;** Drug abuse; Drug administration; Ethics 37, 167  
**Human;** THC (tetrahydrocannabinol); Marijuana; Drug abuse; Subjective reports; Euphoria 37, 131  
**Human immunodeficiency virus (HIV);** Adherence; Compliance; Methadone; Supervised therapy; Zidovudine (AZT) 37, 261
- IDU;** Cocaine/crack; HIV; Risk behavior 37, 7  
**Illegal drugs;** Traffic safety; Drugs and driving; Spain 37, 83  
**Italian young people;** Alcohol and adolescents; Drinking patterns; High school students; Correlates of alcohol drinking 37, 59
- Marijuana;** THC (tetrahydrocannabinol); Drug abuse; Subjective reports; Human; Euphoria 37, 131  
**Marijuana;** Drug and alcohol dependence; Drug and alcohol abuse; Aggression; Tobacco 37, 149  
**Methadone;** Adherence; Compliance; Human immunodeficiency virus (HIV); Supervised therapy; Zidovudine (AZT) 37, 261  
**Methadone;** Cocaine; Crack; HIV/AIDS 37, 15  
**Methadone maintenance patients;** Drug abuse, intravenous; Cocaine; Heroin; HIV; Risk behavior; Sexual behavior 37, 29  
**Methamphetamine;** Dynorphin; Neurotensin; Dopamine; *N*-methyl-D-aspartate (NMDA); Cocaine 37, 107  
**Mood;** Anabolic androgenic steroids; Aggression; Attentional bias 37, 241
- N*-methyl-D-aspartate (NMDA);** Dynorphin; Neurotensin; Dopamine; Cocaine; Methamphetamine 37, 107
- N*-Methyl-D-aspartate receptor;** Dopamine; Neuropathology; Amphetamine 37, 101  
**Neuropathology;** *N*-Methyl-D-aspartate receptor; Dopamine; Amphetamine 37, 101  
**Neuropsychological performance;** Alcohol; Cocaine; Abuse 37, 247  
**Neurotensin;** Dynorphin; Dopamine; *N*-methyl-D-aspartate (NMDA); Cocaine; Methamphetamine 37, 107  
**Nucleus accumbens;** Dopamine; Glutamate; Ventral tegmental area; Prefrontal cortex; Sensitization; Cocaine 37, 95
- Oral route;** Self-administration; Cocaine; Drug reinforcement; Choice; Reinforcement magnitude; Rhesus monkeys 37, 141
- Parasympathetic;** Cocaine; Sympathetic; Common factors; Abuse liability; Tachycardia; Vagal tone; Cardiovascular 37, 211  
**Prefrontal cortex;** Dopamine; Glutamate; Ventral tegmental area; Nucleus accumbens; Sensitization; Cocaine 37, 95  
**Prevalence;** Substance use; Adolescents; Schools; United Kingdom 37, 255
- Receptors;** Cannabinoids; Tetrahydrocannabinol; Structure-activity relationships 37, 231  
**Reinforcement magnitude;** Self-administration; Oral route; Cocaine; Drug reinforcement; Choice; Rhesus monkeys 37, 141  
**Rhesus monkeys;** Self-administration; Oral route; Cocaine; Drug reinforcement; Choice; Reinforcement magnitude 37, 141  
**Risk behavior;** Cocaine/crack; HIV; IDU 37, 7  
**Risk behavior;** Drug abuse, intravenous; Cocaine; Heroin; Methadone maintenance patients; HIV; Sexual behavior 37, 29
- Schools;** Substance use; Adolescents; Prevalence; United Kingdom 37, 255  
**Self-administration;** Oral route; Cocaine; Drug reinforcement; Choice; Reinforcement magnitude; Rhesus monkeys 37, 141  
**Sensitization;** Dopamine; Autoreceptor; Drug abuse; Amphetamine; Cocaine 37, 111  
**Sensitization;** Dopamine; Glutamate; Ventral tegmental area; Nucleus accumbens; Prefrontal cortex; Cocaine 37, 95  
**Sexual behavior;** Drug abuse, intravenous; Cocaine; Heroin; Methadone maintenance patients; HIV; Risk behavior 37, 29  
**Spain;** Illegal drugs; Traffic safety; Drugs and driving 37, 83  
**Structure-activity relationships;** Cannabinoids; Tetrahydrocannabinol; Receptors 37, 231  
**Subjective reports;** THC (tetrahydrocannabinol); Marijuana; Drug abuse; Human; Euphoria 37, 131  
**Substance abuse;** Cocaine; HIV; HIV risk behavior 37, 1  
**Substance abuse;** HIV risk behavior; AIDS; Cocaine; Antisocial personality disorder 37, 37  
**Substance use;** Adolescents; Schools; Prevalence; United Kingdom 37, 255  
**Supervised therapy;** Adherence; Compliance; Human immunodeficiency virus (HIV); Methadone; Zidovudine (AZT) 37, 261  
**Sympathetic;** Cocaine; Parasympathetic; Common factors; Abuse liability; Tachycardia; Vagal tone; Cardiovascular 37, 211  
**Sympathetic nerve activity;** Cocaine; Blood pressure; Heart rate 37, 217
- Tachycardia;** Cocaine; Parasympathetic; Sympathetic; Common factors; Abuse liability; Vagal tone; Cardiovascular 37, 211  
**Tetrahydrocannabinol;** Cannabinoids; Structure-activity relationships; Receptors 37, 231  
**THC (tetrahydrocannabinol);** Marijuana; Drug abuse; Subjective reports; Human; Euphoria 37, 131  
**Therapeutic community;** HIV; Enhanced treatment 37, 45  
**Tobacco;** Drug and alcohol dependence; Drug and alcohol abuse; Marijuana; Aggression 37, 149

**Traffic safety;** Illegal drugs; Drugs and driving; Spain 37, 83

**Unemployment;** Drinking; Drinking problems; Gender 37, 71

**United Kingdom;** Substance use; Adolescents; Schools; Prevalence 37, 255

**Vagal tone;** Cocaine; Parasympathetic; Sympathetic; Common factors; Abuse liability; Tachycardia; Cardiovascular 37, 211

**Ventral tegmental area;** Dopamine; Glutamate; Nucleus accumbens; Prefrontal cortex; Sensitization; Cocaine 37, 95

**Zidovudine (AZT);** Adherence; Compliance; Human immunodeficiency virus (HIV); Methadone; Supervised therapy 37, 261
